

UNDER SECTIONS 41AG AND 41A, CROWN MINERALS ACT 1991

# Notification of change of control

This form is used for a notification of a change of control<sup>1,2,3</sup> for a **permit participant** for a Tier 1, 2 or 3 minerals permit, or for a Tier 1 petroleum prospecting permit. If the change of control relates to the **permit operator** for a Tier 1 permit, use APP 06A. It is also used to notify a change of guarantor of a permit participant under section 41A.

- › New Zealand Petroleum & Minerals (NZP&M) recommends that applicants familiarise themselves with the Act, the relevant regulations, and the relevant Minerals or Petroleum Programme, and seek professional advice where appropriate before notifying a change of control. See NZP&M's **Overview of the minerals and petroleum regulatory environment – New Zealand Petroleum and Minerals** webpage for more details.
- › Please note that information provided with your application is treated confidentially but may be subject to release under the provisions of the **Official Information Act 1982**. If this is the case, we may consult with you before the material is considered for public release.
- › The personal information you must include in this form is needed to process your application under the Act. You have the right under the **Privacy Act 2020** and/or the **Official Information Act 1982** to access information held about you by New Zealand Petroleum & Minerals and request that this information be corrected if necessary.

- 1 If the permit participant is a body corporate and undergoes a change of control this must be notified to the Minister. Change(s) of control must be notified to the Minister within 3 months of the change of control. If a body corporate has provided a guarantee for a permit participant, and that guarantor undergoes a change of control, this must also be notified to the Minister under section 41A using this form.*
- 2 A change of control is defined in **section 41AA** of the Act. In summary, a change of control, in relation to a body corporate, is when a person obtains a controlling interest in the body corporate or - in the case of an exploration or a mining permit or licence for petroleum - that a person ceases to have a controlling interest in the body corporate.*
