## SECTION 3: PROPOSED OR CURRENT PERMIT PARTICIPANT AUTHORISATION

### 3.1 Applications for new permits:

By signing below, I authorise the individual named in Section 1 to make applications for new permits on behalf of the proposed or current permit participant and to appoint the Application contact and Permit administrator roles (see Appendix 1) for such applications. Where the individual has an account on the New Zealand Petroleum & Minerals online permitting system, I understand they will be able to view all applications they have created. Any action undertaken is deemed to be the action of the authorising proposed or current permit participants. This authority will remain in force for the specified period or until it is revoked by the proposed or current permit participant in writing. This authority revokes all previous authorities for the same individual.

The Chief Executive will treat this application authority as continuing to have effect until the Chief Executive receives a copy of written notice revoking it.

The Crown will not be liable for any action (or omission) by the Chief Executive taken in accordance with this application authority.

This application authority does not preclude the Chief Executive from choosing, in his or her sole discretion, to deal directly with the proposed or current permit participant about any permit, and vice versa.

This authorisation is granted for (check one):	<input type="checkbox"/> Not applicable (no authorisation given for new permit applications)

## APPENDIX 1: ROLE DEFINITIONS

### Application contact role

The Application contact is the sole point of contact for an application. An application contact:

- receives all communications about the progress of an application, including any application fee invoice;
- can view all applications for which they are the Application contact (where they have an New Zealand Petroleum & Minerals online permitting system account).

### Permit administrator role

The Permit administrator is the ongoing primary contact on matters to do with the permit.

A permit administrator:

- receives all communications regarding the permit not directed to the Fee administrator, Royalty administrator, ERL administrator, Geotechnical contact, or Audit contact. This includes all communication around upcoming obligations;
- can view all permits for which they are the Permit administrator (and where they have an New Zealand Petroleum & Minerals online permitting system account);
- by default assumes the Geotechnical contact role for a permit, when the permit is first granted, however this can be assigned at any time by email; and
- by default assumes the Fee administrator role for a permit, when the permit is first granted, however this can be assigned at any time using the APP-11 Application to change role form.

### Geotechnical contact role

The Geotechnical contact is the permit contact on geotechnical matters, and

- may be contacted on geotechnical matters.

### Fee administrator role

The fee administrator is the permit contact on matters to do with annual fees, and

- receives all communications, including invoices, regarding annual fees on the permit.
