

# Investing in petroleum

New Zealand offers the oil and gas sector a wide range of exploration and production opportunities.

## **Petroleum resource**

**potential [<http://mbie17.cwp.govt.nz/doing-business/investing-petroleum/resource-potential/>]**

There has been oil and gas activity in New Zealand for more than 150 years but we still have much untapped potential.

## **New Zealand's petroleum regulators**

**[<http://mbie17.cwp.govt.nz/doing-business/investing-petroleum/petroleum-regulators/>]**

Oil and gas development in New Zealand is regulated by a series of separate agencies, each with different responsibilities and areas of expertise.

## **The petroleum permit lifecycle and Block**

**Offer [<http://mbie17.cwp.govt.nz/doing-business/investing-petroleum/permit-lifecycle/>]**

The regulations affecting a petroleum permit differ according to the different phases of a permit.
